

## **SAFETY AND QUALITY ARE NO MATTER OF CHANCE!**

For this reason we offer our customers services to refine their business culture!

## **OUR SERVICES FOR YOUR SUCCESS**

**Consulting and Training for the implementation and realization of:**

- Safety Culture (Ladder)
- Document Management/Control
- Quality Management

***We inspire others to create a culture in which solution-oriented action, safety awareness and sustainability are a matter of fact.***

**“Documentation by itself does not grant you a safe work environment and compliance with your client´s requirements - Business culture does!”**

*Lena Mennenga -  
Head of Business Culture & Quality at Omexom*

## **Create your added value by taking care of your business culture!**

### **Insulators**

Almost twice as much growth in companies that see corporate culture as the top success factor.

### **Applicants**

When choosing an employer, applicants pay more and more attention to the values and norms of the company and compare them with their own ideas.

### **Identification**

Positive organisational culture ensures that employees feel comfortable and identify with the company.

***We are convinced that improving the business culture is an effective approach to improve the quality and safety awareness among all employees and managers.***
